TWO DEAD IN KLAN RIOTS AT LILLY IN CAMBRIA COUNTY

Scores Injured, Many Of Whom
Are In Hospitals Following
Shooting and Fighting In Dark

BATTLE OPENED AS KLANSMEN BOARDED
SPECIAL TRAIN TO CARRY THEM BACK TO
HOMES; CANNOT TELL WHO STARTED IT

Many Guns Are Found
On Train and On the
Persons of Passengers;
28 Persons Arrested.

3 ARE KLANSMEN

Street Lights Had Been
Turned Off and Stream
of Water From Hose
Turned On Marchers.

THEN SHOTS BEGAN

Lilly, Pa., April 6.—Two men were
killed, another believed fatally wound-
ed and a score of others were more
or less seriously hurt in rioting Sat-
urday night between townsmen and
the members of the Ku Klux Klan, a
clash which broke out after the de-
puty sheriff's disclosed today. Four
residents of Lilly were being held by
state police upon charges of rioting
while at Johnstown 25 men, said to
be klansmen, were being held by Sher-
iff Logan Keller, pending an investi-
gation.

The rioting occurred when the
stream from a fire hose was turned
upon the Klansmen as they were
boarding a special train for John-
stown, west of here, after having pa-
raded in the darkness through the
town from an adjoining hill where a
ceremony, attended by some 600 Klan-
men, had been held. Firing be-
gan immediately and when the special
train pulled out 30 minutes later sev-
eral wounded men had been taken
aboard, while Philip Conrad and
Floyd Paul, both of Lilly, laid dead on
the streets. Eleven of the injured,
all declared residents of Lilly, were
taken to the Altoona hospital, the
most serious hurt being Philip Misco
whose recovery, physicians declared,
was doubtful. Three of the injured,
taken to the Johnstown hospital, were
said to be Klansmen.

Sheriff Keller, with a squad of de-
puties assisted by State Police, pa-
troled the town today. Sheriff Keller
returned to Johnstown late in the day,
declaring the situation was quiet and
that he feared no further disorder.
Members of the State Police remain-
ed, however, to conduct an investi-
gation into the riot.

About 45 pistols were taken from
the special train after its arrival at
Johnstown, according to Sheriff Kel-
ler, who declared that some were
found upon the men arrested, while
others were in the car. Many of the
klansmen left the train at stops be-
tween Lilly and Johnstown.

Electric lights in Lilly had been ex-
tinguished earlier in the evening and
as the Klansmen marched down from
Piper Hill, where a ceremony had
been staged, with the burning of a
cross the way was lighted by pocket
flashlights. Several hundred of the
robbed figures had already boarded the
train, after having passed through a
line made by the townspeople, assem-
bled at the station, where a stream
of water from the fire hose was sud-
denly turned upon them. One of the
Klansmen was reported to have rush-
ed to the group of young men holding
the hose and wrestling it from their
grasp turned it upon them. A mo-
ment later the battle in the darkness
began.

All but a group of about 100 Klan-
men had boarded the train when the
firing began. The loading of the train
continued as bullets whistled through
(Continued on Page Two.)

Harrisburg, Pa., April 7.
(INS.)—"I am awaiting further
reports before I take any action
or have anything official to say,"
Gov. Pinchot said today on the
present situation at Lilly. The
Governor said that the state po-
lice men are there as usual,
probing the circumstances which
led up to the rioting, but made
it plain that he has taken no
personal action in the matter.

SITUATION IS TENSE
IN LILLY TODAY;
OUTBREAKS FEARED

Lilly, Pa., April 7. (INS.)—The situ-
ation in this village was still tense
this morning after the rioting be-
tween citizens and Ku Klux Klan-
men late Saturday night when two
persons were killed and 15 wounded,
three of whom, including a 9-year-old
boy, are in a serious condition in a
hospital at Altoona, Pa.

State police are patrolling the
streets here while 26 alleged Klan-
men are being held in jail at John-
stown and two townsmen are in cus-
tody here while four others were tak-
en to the county jail at Ebensburg
under heavy guard of state police last
night.

The dead:—
Philip T. Conrad, 26.
Floyd Paul, 25.
The wounded taken to hospitals:—
Francis Appulucci, 9, son of Domi-
nick Appulucci.
Francis Misco, 26.
Mastoz, 26, shot in abdomen.
Frank Boyce, 40, shot left hip.
Clarine Patterson, shot right arm.
Andy Marcinko, 18, shot in back.
Wounded taken home:—
Joseph Ritz, 45, shot left leg.
Charles Daugherty, 29, shot abdo-
men.
Jerome Nagle, 35, shot in left shoul-
der.

Harold Bradley, 19, shot in right
shoulder.
Raymond Bradley, 18, shot left arm.
John Phillips, 22, shot in abdomen.
In Memorial hospital, Johnstown:—
W. H. Davis, 21, shot left thigh.
Samuel Evans, 52, shot in left arm.
Harry Johnson, 33, shot in jaw.
The three in Memorial hospital are
said to be members of the Klan.
Saturday's trouble was not entirely
unexpected, according to some of the
citizens. They declared klansmen have
visited Lilly twice this month and
erected fiery crosses, which were torn
down by irate citizens.

The klansmen, said to have num-
bered 600, came here on two special
trains, one from Altoona, the other
from Johnstown. After ceremonies
held on Piper's Hill, near the city, it
is said the visitors marched to the
train followed by about 800 towns-
people, men and women. As the Klan-
men waited for the train someone in
the crowd of spectators attached a fire
hose to a fire plug, it is said, and
turned the water on the klansmen. A
few minutes later several shots rang
out and Conrad and Paul fell dead,
shot through the hearts.

COUNCIL WILL MEET TONIGHT

The regular semi-monthly meeting
of Council will be held at the Bor-
ough building this evening. The con-
struction program for the spring and
summer will be outlined at this meet-
ing and a report on the several sections
of street paving.

24 ARRESTS MADE;
MURDER CHARGES
AGAINST 24 MEN

Johnstown, Pa., April 7. (INS.)—
County Detective John M. Gross this
morning filed formal charges of carry-
ing concealed weapons, rioting and
murder against the 24 Ku Klux Klan-
men held in jail here since Saturday
night in connection with the rioting
at the nearby mining town of Lilly.
The charges were filed with Jus-
tice of the Peace T. E. Levesgood. No
warrants were issued as the men had
been committed to jail on charges of
being suspicious persons.

Denied release on bonds because of
the state law requiring a hearing on
a murder charge before bonds can be
arranged, attorneys representing the
imprisoned men were rushing pro-
ceedings to obtain release of the
klansmen on writs of habeas corpus.

Patrick Bradley and Frank Misco,
Lilly citizens wounded during the riot-
ing, are expected to die according to
word reaching here from the Altoona
hospital.

State constabularymen control the
situation at Lilly today, and unless
klansmen return to the town, no fur-
ther trouble is anticipated.

The six Lilly men arrested by state
troopers are in jail at Ebensburg, Pa.,
and no violence is anticipated there.

In addition to Constables Oscar
Brumbaugh and David Beam from In-
diana, Pa., the klansmen are all from
Johnstown. The police blotter showed
their names to be C. R. Edmondson,
L. E. E. Noff, Charles Greenan, H. G.
Adams, O. Poorbaugh, H. E. Egolf, H.
L. Wagner, S. H. Sipe, Earl Living-
ston, Forest Mangus, Edward Gray-
back, Frank Howard, Ralph Fetter,
William Post, Reuben Miller, Robert
Shirk, Oliver Kimmel, Roy Ripple,
Charles Roland, George Shank, Lewis
Stataman and Morris Gindelsberger.

Herman Kuntz and Wilson Sitter,
who were arrested after they left the
train here on Saturday night, were
held on suspicious person charges, but
their names were not included in those
against whom the more serious
charges were filed today.

Occupations of the men were not
listed, but Miller is a councilman in
Date Borough, a suburb.

Johnstown, Pa., April 7. (INS.)—
The 26 Klansmen held in jail here
since they returned from the fatal
rioting at Lilly, Pa., on Saturday
night will go before an alderman be-
fore noon to be formally charged with
rioting and murder, according to an-
nouncement made today by D. P. Wei-
mer, district attorney.

The men have been held incommu-
nicado since their incarceration on Sat-
urday night despite several attempts
to have them released on bonds.

At least one of the klansmen in jail
here is known to have given a ficti-
tious name when arrested, and from
the statements made by several in-
cluded some of the most prominent
business men in Johnstown and near-
by cities. Two constables from In-
diana, Pa., were among those arrested.
Under a state law, those charged
with murder cannot be released on
bail until they appear before a court
of justice.

LARGE AUDIENCE AT CONCERT

A capacity crowd was present at
the High School auditorium Sunday
afternoon to enjoy the delightful con-
cert given by the American Legion
Band. The band was made up of 50
pieces and was in exceptionally fine
form, the concert being very much
enjoyed.

PENNSY-GRAMS

Indiana, Pa.—"Aunt Jane" as she
is affectionately known among her
alumni and students of the Indiana
State Normal School is dead here to-
day. The school preceptress' name
was Jane E. Leonard, and she held
the position at the Normal for 46
years. She was born at Leonard sta-
tion, Clearfield county in 1840 and
leaves three sisters, Mrs. Celia Lytle
of Glen Richey, Mrs. Keturah Bow-
man and Miss Clara Leonard of Du-
Bois, Pa.

Gettysburg—Ethel Shultz, 9, is dead
and three other children are in a
serious condition today as the result
of the discharge of a double barreled
shotgun by Earl Desautels, 7, in a
room crowded with children.

Pittsburgh, Pa., April 7. (INS.)—
As a result of being struck over the
head with a baseball bat John Relish,
11, died in a hospital here last night.
The boy was playing with compan-
ions at the time of the accident.

Pittsburgh, Pa., April 7. (INS.)—
The Rev. Dr. Maile Alexander, pastor
of the First Presbyterian church
here, was presented with one year's
leave of absence in appreciation of his
25 years' service for the church at its
congregational meeting on Sunday.

Philadelphia.—Patrolman McGarvey
was getting deserved back-slap to-
day. Early Sunday he heard the
screams of Ethel McGlinchey, desert-
ed his radio and clad only in pajamas
dashed to her rescue. The girl's would-
be assailant fled at his approach.

TOUCHING TRIBUTES
PAID MEMORY OF
JAS. A. GLEASON

Splendid and touching tribute was
paid the memory of the late James A.
Gleason, Esq., at a memorial meeting
of the Clearfield county Bar Associa-
tion held in the court room at 10 o'-
clock this morning.

Judge A. R. Chase presided and
paid his respects to the memory of
his deceased fellow attorney after
announcing the purpose of the meet-
ing.

At the conclusion of Judge Chase's
remarks ex-Judge Singleton Bell,
chairman of the Committee on Resolu-
tions arose and after paying personal
tribute to his deceased friend and
co-worker, presented the memorial
and resolution prepared by the com-
mittee. W. C. Pentz, Esq., in second-
ing the resolution, added his tribute to
the deceased in seconding the motion
to adopt and spread the resolutions
on the records of the court.

Mr. Pentz was followed by Earl G.
Boose, A. M. Liveright, John M. Urcey,
John B. McGrath, Harry Boulton and
Walter Welch, Esqs. At the conclu-
sion of Mr. Welch's remarks the resolu-
tions were adopted and the meeting
closed.

More than thirty of the members of
the Bar and many personal friends
of the deceased were present.

The resolutions will appear in to-
morrow's issue of The Progress.

ROUND THE WORLD
FLIGHT LEADER
HAS A SMASH-UP

Washington, April 7. (INS.)—The
airplane of Major Frederick L. Mar-
tin, leader of the round-the-world
flight, was wrecked last night when
he made a sensational landing in a
blinding snow storm at Prince Rupert,
British Columbia, according to a mes-
sage from the fliers received at the
army air service here today.

It is expected that the three intact
planes will continue their jaunt, leav-
ing the crippled leader behind.

Both wings were broken off Major
Martin's plane, and the struts were
smashed, according to the message.

Dorothy Kuhn, daughter of M.
and Mrs. C. Kuhn, of Grampian, en-
tertained 15 of her school mates on
her ninth birthday. After an enjoy-
able evening spent at the Kuhn home
all departed wishing Miss Dorothy
many happy returns of the day.

G. A. Stewart and family visited
Mr. Stewart's mother and sister at
Tyronne yesterday.

This Is Cancer Prevention Week

"Aunt Jane" Leonard,
Beloved Preceptress of
Indiana, Found Dead

Indiana, Pa., April 6.—Miss Jane
Leonard, 83, known to thousands of
the Alumni and students of the In-
diana State Normal school died while
asleep in her apartments here last
night. She was preceptress of the
school for 46 years and continued to
reside there after retiring three
years ago.

Jane Leonard was the daughter of
Robert and Lydia Wilson Leonard,
and was born on the homestead farm
on the Reed Ridges in Lawrence town-
ship. Her parents were among the
substantial pioneer settlers of that
section.

She received her early education in
the rural schools of that section and
took up the teaching profession at the
age of 14 years. One of her first, if
not the first, school she taught was
down in Girard township, the late
Hon. Thomas H. Murray being one of
her first pupils.

She was an able instructress and
nearly fifty years ago was chosen
Preceptress of the State Normal
school at Indiana. Retiring from her
active duties three years ago, Miss
Leonard continued to reside at the
Normal where she was greatly be-
loved by all the students. She retained
the love and respect of the hundreds
of boys and girls who passed through
that school and whenever an alumna
of Indiana Normal is located thru-
out this broad land a silent tear will
fall when news is received of the
death of this splendid old time educa-
tor.

She took an active interest in pub-
lic affairs always was a valiant bat-
tler for equal rights for women and
took an active part in politics
when women were given the ballot.
An uncompromising Democrat, she
was accorded the Democratic nomina-
tion for Congress in the Indiana dis-
trict a couple of years ago, as a tri-
bute to her staunch party loyalty.

She is survived by three sisters, all
residing in Clearfield county. They
are Mrs. Celia Lytle, wife of John
Lytle of Glen Richey; Mrs. Keturah
Brown and Miss Clara Leonard, both
of DuBois. The funeral will be held
at Indiana on Tuesday afternoon. The
remains will be taken to DuBois by
train on Wednesday, arriving there at
noon and will be conveyed from Du-
Bois by automobile to Carwetsville, where
interment will be made.

CO. MEDICAL SOCIETY
WILL HOLD A PUBLIC
MEETING WEDNESDAY

During the past five or six days
The Progress has been carrying an
article daily on "cancer." These ar-
ticles were prepared by a committee
from the State Medical Society and
are well worth reading. They are
brief, concise and interesting. Read
the one today on moles and warts.

The particular reason we have in
presenting the cancer topic to our
readers is that this is cancer preven-
tion week and we consider it a duty
to lay before our readers all available
information on this all important
matter.

The Clearfield County Medical So-
ciety has planned a public meeting
for the High School auditorium on
Wednesday evening of this week at
eight o'clock at which as many doc-
tors as can get away from their prac-
tice that evening will be present. In
addition to the local medical men
there will be an able speaker, an ex-
pert on cancer treatment, diagnosis,
etc., present from out of town. The
Medical Society is making an effort to
get the best and biggest man possi-
ble and every citizen should save
Wednesday evening for this meeting.

Democrats' Treasurer
Can't Remember How

By KENNETH CLARK
I. N. S. Staff Correspondent
Washington, April 7.—Contribu-
tions to National Campaign funds
came under the scrutiny of the Sen-
ate of investigators today.

E. L. Doheny, lessee of the Elk
Hills Naval Reserve, was a "Heavy
contributor" to the Democratic fund
in 1920, it was testified by Wilbur
Marsh, of Iowa, former Treasurer of
the Democratic National Committee.
Marsh could not remember, he said,
just what amounts Doheny contrib-
uted.

Mr. and Mrs. T. Reilly Lytle, who
spent the winter in the south, arrived
home from Asheville, North Carolina,
this afternoon.

Mrs. J. S. Gardner is a patient at
the Clearfield hospital.

New Attorney General

Character study by the artist of L. E. Higgins of Harlan F.
Stone, Jr., special attorney general, who was for a dean of
Columbia University, the United States attorney general, and also was a
"farmer" on his father's ranch about half a mile from the college.

BROPHY REPLIES TO
CLARK; CLAIMS OVER
DEVELOPMENT REAL
CAUSE OF NO WORK

Declares This Field Isn't
Any Worse Off Than
Non-Union Fields and
Quotes Many Statistics.

HIS REPLY IS BRIEF

As was anticipated, John Brophy,
president of the District No. 2 United
Mine Workers, was quick to come
back at the statement issued by B. M.
Clark, head of the Operators' Associa-
tion, last Friday.

This morning Mr. Brophy issued
the following statement in refutation
of the claims of Mr. Clark that this
district in particular is suffering
from "unemployment" and the burdens it
places on the coal industry of this re-
gion as compared with other coal pro-
ducing districts:

"Last week at Philadelphia the op-
erators of Central Pennsylvania signed
a wage agreement for three years.
This week they say 'It can't be done.'"

They said this agreement was made
in order to take the coal business out
of the public eye. But it is taken out
of the public eye when they have such
statements in the press as that released
on April 1th, in which they predict
that the whole district is going to the
demolition blow work?

They tell us there are many idle
miners in the District. We agree with
them. We are very well aware of the
fact. But their statement is unmean-
ing because it fails to state that the
other bituminous field throughout the
country are in the same (or worse) plight.

"For the remedy they suggest the
same old panacea they have been of-
fering for the last thirty years. Lower
wages."

They say competition is too keen to
admit of high wages. If wages were
lower they would get more orders and
the miners would get more work.
They tell of the non-union fields of
West Virginia where the wages are
far below the union rates. But do the
low wages there provide steady work?
The last report of the Geological Sur-
vey (March 29th) which covered the
year ending March 15th, shows the
New River field producing 49.9 per
cent capacity, the Pocahontas field
producing 54.9 per cent capacity,
while the Central Pennsylvania field
produced 55.3 per cent capacity, and
the non-union Maryland field was
producing only 38.7 per cent.

The miners know full well that low-
er wages never increase the opportu-
nity to work but only decrease their
earnings and will not agree to any
such "wage adjustments" as suggested
in the operators' statement.

The truth of the matter is that the
bituminous coal industry is overde-
veloped and will stay in the public
eye until some order is brought into
it. We now have a capacity sufficient
to produce twice as much coal as the
market will or can consume. Conse-
quently slack work is a chronic dis-
ease of the industry and will remain
so until something is done to check
development in order to permit the
demand to catch up with the produc-
tion."

William Foster, who was quite seri-
ously injured in a Lake Shore wreck
near Reynoldsville several weeks ago,
and who had been a patient at the
"Maple Avenue" hospital, DuBois, since
that time, has so far recovered as to
be removed to his home here. He
took the trip fairly well his many
friends will be pleased to learn.

Ralph Johnson of the Ridgway eye
team was the guest of Clarence Ed-
ralston of the Clearfield "Y" team
over the week-end.

Battle Opened As Klans Men Boarded Special

(Continued from Page One.)

air and as stones and other missiles were hurled. Three wounded men, said to be Klansmen from the city of Johnstown, were among those taken aboard the train.

am D. Rich, imperial representative, acting grand dragon of the Pennsylvania realm, last night issued a statement on the rioting in which he declared "Klansmen were not responsible for the precipitation of the riot." Rich charged that the town's light system was turned off when the Klansmen arrived and restored after that had ended.

Klansmen were forced to defend their lives and rights when assaulted," Rich declared.

A staff correspondent of the Public Ledger, immediately sent to the scene.

What was the climax of a series of attempted Klan demonstrations in highly pro-Catholic and bit-Klan town of Lilly. A year ago a small group of white men attempted to burn a cross they were roughly handled by whites.

Several days later, several days later, the Klan were to go to Lilly and as a demonstration on Sunday, Mr. and Mrs. Albert Picard and Llyode Guenot of Coudley also took it in.

Opening of First Class Shoe Repairing Shop

A new first class shoe repairing shop has been opened in the town of Lilly. The shop is located in the town of Lilly and is owned by a man who has been in the shoe business for many years.

robes and carrying flaming crosses paraded in two groups through the mob at the station amidst jeers and catcalls of the townspeople. Each group went to one of two hills overlooking the town and went through weird ceremonies, lights in the town being extinguished meanwhile.

A large crowd, and more excited, was at the station when the klansmen marched back. Witnesses tell of smaller disturbances occurring en route to the station, and declare that clubs and missiles were used freely.

As klansmen, they were boarding their special train. Suddenly a stream of water shot forth. No one seems to know whether the klansmen or their pals fired first. Pistols cracked and several men fell. The klansmen caught up their injured, and sprang to their train.

Somewhere a voice barked: "Fire!" A flash and roar came from almost the whole length of the train, as the klansmen emptied their revolvers at the crowd.

Klan partisans declared that most of the revolvers were loaded with blanks, but enough real bullets were in them to riddle house along the right of way. As many as twenty-five holes were in one store front. The train gathered headway and darted off into the night, while the Lilly citizens hurried to give first aid to the numbers of wounded lying in the street and on the walks.

A. L. Picard and daughters Elizabeth and Mary and Amanda Bronell took in the excursion to Washington over Sunday. Mr. and Mrs. Albert Picard and Llyode Guenot of Coudley also took it in.

S.S.S. stops Rheumatism

"MY Rheumatism is all gone. I feel a wonderful glory again in the first motion I used to have when my days were younger. I can thank S.S.S. for it all! Do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. S.S.S. is waiting to help you. When you increase the number of your red-blood-cells, the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them." S.S.S. is the great blood-cleanser, blood-builder, system strengthener, and nerve invigorator.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

THE OLD HOME TOWN

by Stanley

TOWN IN UPROAR - WHEN THE SWIMMER COMES IN THAT MARSHAL OTY WALKER'S SPEEDING ALONG ON HIS HAND CAR NOT ONLY CAUGHT UP WITH THE ROGUS CHECK SWIMMER BUT PASSED HIM, ALLOWING THE SWIMMER TO ESCAPE IN A CLOUD OF DUST.

Old bathroom fixtures that are streaked, cracked and chipped are a needless source of extra house work. Then too, danger of contagion lies in every one of these germ-catching blemishes. Keeping the floor clean, under and back of an old style tub and fixtures, is a matter of lots of hard work.

Join the long list of families who have improved their homes with modern built-in bath tubs and other up-to-date sanitary fixtures. They are a blessing to the housewife; and cost far less than they increase the property's value.

The installation or replacement of plumbing fixtures is no longer a thing to be dreaded. Our new and modern method enable us to concentrate and quickly finish a job, without musing up the whole house.

Visit our store, or let us visit you and tell you how moderately priced such improvements really are.

ODDS AND ENDS AND THINGS

By J. D. C.

The ordinary "watt-hour" meter, which periodically proves that we have been using more electric light than we supposed, is an apparatus which the average householder may be said to be painfully familiar or, at least, not unfamiliar, according to the point of view. Perhaps the case is fully stated if we say that the outward appearance of the meter is perfectly known, and that its manner of inside working is a matter of profound mystery—though perhaps it should be added that mystery, in this instance, is commonly associated with distrust. There is a widely prevalent popular notion that veracity is not among the virtues of the watt-hour meter.

Persons who entertain this view will not be startled by the declaration of an authority of the American Institute of Engineers to the effect that the accurate measurement of electricity has been a problem that has baffled the best minds in the engineering profession for more than 25 years, or that the fact that it was first found that such a meter was necessary "Note the word 'baffled'." Note also that her disavowal that it is easy for the majority to measure "kilowatt-hours" accurately, "bill of exchange" of electricity that one has been asked in the United States.

And that sounds like an important point of the house hold meter, which is so commonly distrusted. But no such challenge is intended. On the contrary, we are confronted with the next page of the report which assures us that in the home of the consumer, the familiar watt-hour meter fills the need admirably. It is a piece that difficulty arises from the unusual conditions are met, and these are associated with the consumption of "low-voltage" of electricity—that is to say, with quantities of electricity drawn from those used in the ordinary household. It is a piece that the expert technicians in a unit of electricity quantities furnished such establishments, stores, mills and manufacturing plants which use in the aggregate three-quarters of all the electricity generated in the country. It is a piece that the loss has occurred through the lack of reliable means of measurement. That seems to carry the matter from the household meter to the general interest in the reported invention of a new watt-hour meter, since savings in the cost of running and milling and manufacturing are certain in some cases, and in the ultimate consumption of power as well as because of

the technical ingenuity it reveals, interest in the new "kilovolt-meter" invented by Mr. H. B. Smith, of the Westinghouse Electric and Manufacturing Company, which is said to solve the hitherto baffling problem. Indeed, the apparatus appears to be almost wondrously efficient, giving direct readings of all manner of electric secrets. In particular it measures accurately "the square root of the sum of the squares of the watt-hours and reactive watt-hours"—which to the technician, is highly important, however obscure to the layman. It performs this mathematical feat by means of a little aluminum ball balanced on two wheels that rotate independently and by their varying speed change the action of a third wheel that is rotated by the aluminum ball and connects with the recording stylus. That explanation at least, shows that the apparatus works by mechanical law, not by magic.

Coughs that wear you out

making you feel weak and ill, rasping your throat and lungs until they are sore—break them up now before they cause you more serious trouble. Dr. King's New Discovery breaks up coughs quickly by stimulating the mucous membranes to throw off clogging secretions. It has a pleasant taste. All druggists.

The Easter Bunny's Message To All Good Boys and Girls

Extra All About Easter

News is going 'round that Easter's nearly here. In fact, rabbits have been seen already stowing eggs away in odd places and Mothers are said to be thinking about new Easter clothes. The story is true all right, Easter comes April twentieth.

WEATHER REPORT: Easter morning will be bright if boys and girls set forth for Sunday school in fresh new clothes chosen here. And a rainbow of colors is promised for afternoon when everyone goes strolling in the park.

ADVERTISEMENT: To the parents of all good children. We have so many nice things throughout the Store that will help make a happy Easter for the children—little silk or linen dresses and coats for all ages—hats, shoes, hose and a hundred other articles. You just must come in and purchase an Easter Outfit for the Kiddies.

Miss Letty Goes Skating

It was after school one day this week when the sun was shining and the grass was green that Little Miss Letty felt like "doing somep'n". So Mother found her skates and off she went.

She Enjoys It

Now she had the best time any girl ever had. The sidewalks seemed to be so smooth and she was just warm enough in her new wool sweater. Besides, she was glad that her socks were pretty. They matched exactly the little bit of skirt that peeped beneath her sweater.

Here She Is

Skating is good exercise. Tell Mother today and show her this list:

Roller Skates, \$2.89

Sweaters, \$2.25

Half Hose, 25c

Pretty Tub Frocks, \$2.50

What Folks Don't See

—but Little Girls Need

Many girls have peek-a-boo party frocks to wear on Easter day. But snowy white Slips must come before they put them on. Dainty muslin ones, \$1

When the April winds blow, Bloomers often show. But who cares when they're daintily ruffled like these? 35c.

Bestest friends are often bid to stay all night and little girls like to have rows of pretty Nighties for them to choose from. These are nice, 75c.

Betty Belle

She is always getting her picture in the papers because she has such pretty hats. This one is of green straw. It has a long streamer that blows when she takes a walk with the wind.

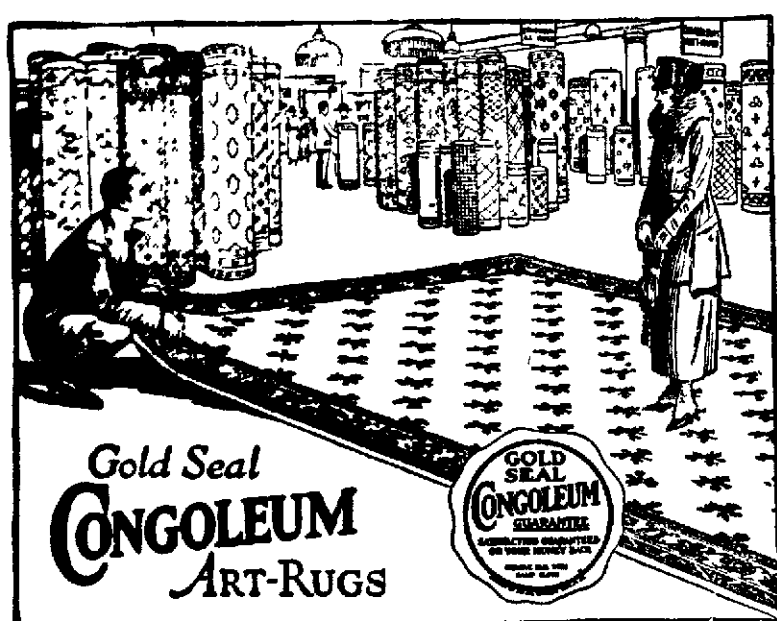

She Says:

"Sister Mary's Easter bonnet is bee-yu-tiful. Because Mother bought her's at Leitzinger's, too, for \$2.50."

Mary Talks

"A 'I'll rabbit's clean and nice to hold against a brand new Coat like this. Just like Mother's isn't it? Mother says it'll wear well 'cause it's 'good polo'." \$7.50

Gold Seal
CONGOLEUM
ART-RUGS

LOVELY MODERN RUGS AT ECONOMICAL PRICES

We feel certain that housekeepers will be interested in our offering of the nationally advertised and guaranteed GOLD SEAL Congoleum Art Rugs.

More Results From 100 Per Cent Americanism

While peace-loving, law-abiding citizens were quite generally going about their business throughout the length and breadth of this land consecrated and dedicated to free speech and the right to worship God according to the dictates of one's conscience, a body of men variously estimated at from 500 to 800 descended upon the little village of Lilly in Cambria County where, robed in the garments they say are emblematic of purity and law obedience, they were the direct cause of at least two deaths and a night of terror.

As the Public Ledger so aptly puts it, "the killings are the direct sequel of an attempt by a mob to regulate, by a process of intimidation, the affairs of a community other than their own. It is equally immaterial, for the moment, whether the hooded mob or the townspeople of Lilly struck the match which fired the magazine of hate and intolerance. The cold fact remains that an armed and masked mob went to Lilly upon an unlawful purpose, and murder and outrage followed in their train.

"This bloody outcome was what might have been expected from the toleration in a law-abiding state of such proceedings as habitually form the policy and course of the Klan. It is impossible for the organization to escape the responsibility for the crimes which so often attend its operations. Its disguises are a direct incentive to outrage, and its intolerance and high-handed purposes are provocative of disorder wherever they are permitted.

The immediate duty which now confronts the Governor is to call the power of the Commonwealth to rug down and punish the perpetrator of this great wrong. An expedition like that which went from Johnstown on Saturday night could not have been set on foot and carried out without the knowledge of the authorities of that city. Its unlawful purpose was manifest and it should have been prevented. Meanwhile, a sufficient force of State Police should be sent to Lilly and to Johnstown, and a effort should be spared to find the perpetrators and to inflict the full penalty of the law upon the Klansmen found to have been in possession of weapons. There should be no room for mercy for armed mobs of vigilantes. Their existence is a disgrace and their operations a defiance of law."

BROADCASTING RELIGION

The way to promote religion," a religious go-getter declared recently, "is to sell it to the public like any other product. Advertise it. And the best way to advertise now is by radio."

Very well. A religious organization known as the International Bible Students' Association has started broadcasting the Bible and its interpretation of the same. And what is the result? Radio fans are very mad—at least in the vicinity of the Clearfield station, which is on Staten Island, N. Y.

What a powerful station, as powerful as that from which Voliva broadcasts his familiar programs from Zanesville, Ohio. And owners of radio sets for some distance around Clearfield can tune in the station simply "blankets the air," so that they can tune out the religion and tune in the jazz and orchestra music they want. They are especially bitter because, they say, the station is "always going."

And, of course, religion doesn't do a person any good when it is broadcast. And a listener can shut off the sermon whenever he wants. The new propagandist station might do well to copy the methods of Voliva, who intersperses his religious broadcasts with frequent doses of genuine entertainment.

THE BETTER WAY

Provide for your future out of the plenty of the present. Put part of your property, your profits, your business where no reverse of fortune can take it from you. For your own and your family's sake you should lose no time in securing your future income through a living or voluntary trust place with this responsible institution. It will be a pleasure for this bank's trust officers to discuss with you the building of an independent estate.

"The Bank of Personal Service"

MOLES AND WARTS FREQUENTLY GIVE THE CANCER GERM A BREEDING SPOT

Cancer frequently begins in moles or pigmented warts which are irritated by the clothes or are made to bleed and are kept sore by repeated injury. Such pigmented warts and moles are perfectly harmless at first, and become dangerous only after they have been irritated in some way for a long time, especially, if the person is of the Cancer age; that is, above 35. It is wise to have such moles or warts removed, if located so that they are liable to be rubbed or injured.

It has also been found that Cancer frequently develops in the scar of an old burn, or in places where there is a chronic ulcer, as on the lip, tongue or leg. Care should be taken to see that such ulcers are healed as quickly as possible. Ulcers on the tongue and cheek frequently result from a scratch from a poor filling or from the sharp point of a decayed tooth. A dentist should be consulted if such an ulcer does not heal within a few days, in order that the filling may receive proper attention or the point of the tooth be filed off.

Smokers should be particularly careful about any sore on the lip or tongue. Such sores are commonly found in persons who use a pipe in such a way that the tongue or lips are chronically irritated by the hot steam, or who holds cigars in such a manner that the hot smoke continually strikes one spot. For this reason, Cancer of the lip and tongue is very common in men and almost never seen in women.

All the irritants which have just been mentioned do not directly cause Cancer; they give Cancer a chance to begin. If a man past middle age does not smoke heavily, cares for his teeth and keeps his mouth clean, he is very much less likely to have Cancer than one who does not follow the simple laws of hygiene. Syphilis also predisposes to Cancer of the mouth.

Internal Cancer in an early stage is very difficult to determine, because these tumors, when they first start, cannot be discovered except by accident. For instance, ulcer of the stomach is sometimes a starting point for Cancer. So, too, Cancer of the lower bowel is frequently preceded by chronic inflammation.

HOW NAMES WILL APPEAR ON STATE PRIMARY BALLOTS

Following are the names of the candidates for the State officers to be voted for at the primary election on Tuesday, April 22d, together with the National Delegates of the Republican and Democratic parties, and the Alternate delegates.

Judge of Superior Court
Frank Matern Trexler, Rep.
Margaret Center Klingensmith, Dem.

State Treasurer
Frank P. B. Thompson, Rep.
Samuel S. Lewis, Rep.

Edward Martin, Dem.
William Comer, Rep.
John R. Collins, Dem.

Delegate-at-Large to National Convention

Republican—Vote for Seven.
Ralph Beaver Strassburger, Rep.

W. Harry Baker, Rep.
Andrew William Mellon, Rep.
William S. Vane, Rep.

Gifford Pinchot, Rep.
Elizabeth Price Martin, Rep.
Samuel J. Jones, Rep.

George Wharton Pette, Rep.
David Aiken Reed, Rep.
John Edward Philpot, Rep.

Democratic—Vote for Eight.
Lewis C. Cassidy, Dem.

John Jay McDevitt, Dem.
Anna M. Roesch, Dem.
Joseph Howley, Dem.

May, R. E. Lenny, Dem.
Jacob H. Mayes, Dem.
Mary E. Heibert, Dem.

A. Wright Bigler, Dem.
Gertrude S. Ely, Dem.
George R. McLean, Dem.

Marie, A. O'Connell, Dem.
John A. Farrell, Dem.
John A. McSparran, Dem.

Edith B. Allen, Dem.
Charles B. Leihart, Dem.
Andrew B. Br. Beck, Dem.

Maude B. Renshaw, Dem.
Alternate Delegate-at-Large to National Convention

Republican—Vote for Seven.
Hannah M. Durham, Rep.

Pebecca E. Sinnamon, Rep.
Robert B. Greer, Rep.
Dorothy L. Stragham, Rep.

Morgan Thomas, Rep.
Robert L. Van, Rep.
Frances Baer Atlee, Rep.

Democratic—Vote for Eight.
L. C. Robinson, Dem.

May McHenry, Dem.
Anna O'Don Murphy, Dem.
Hugh Gilmore, Dem.

Eleanor Swift Howell, Dem.
Gertrude A. Kerwick, Dem.
Florence E. Shaw, Dem.

Wesley M. Heiberger, Dem.
George W. Drinker, Dem.

WILL TROUBLES NEVER CEASE?

Progress Editorials for Women

DISAPPOINTING

By FLORENCE DAVIES

Come now Lady Astor, the fair English M. P., with an honest confession.

It's been just a little disappointing, this game of politics, she admits. Perhaps it all looked so easy, this poor old world, full of wrongs and injustices and things going at sixes and sevens. If only the right people would have a chance, things might be better. For women weren't just scheming politicians, women wanted to put things right. They had no ulterior motives, no confusing issues, such as political machines and selfish ends to gain. Women, if once they had the chance, would walk right into the political ring and show the country how simple it all was. But that wasn't all.

Women were not only going to do something fine for politics, but politics was going to do something fine for women.

At last women were going to take their places in the world. New doors would open to them and these doors would lead into a new and fascinating country, the country of the law-makers and the politicians and the pulpit.

But Lady Astor, who has opened these doors and has entered this new and fascinating country, says it is disappointing. She told a group of young people in London recently that the work of politicians wasn't so very important after all, unless, and this is a big unless, the politicians had very

high ideals for which they were striving. But just the plain, garden variety of the politician simply weren't worth while. The game wasn't worth the candle.

"It's disappointing," she says, "because the things that one wants to do are so far away, and one only gets blamed for all that's wrong in the world."

So the ladies are finding that the world isn't such an easy oyster to open. It remains, in fact, a pretty tough old world which won't smooth itself out for the ladies much more quickly than it will for the men.

Lady Astor's experience doesn't prove that women haven't a perfect right to try their hand at public affairs, nor that some of them do not belong at just this sort of a job.

But she does, perhaps, remind us that the new country we have entered is never going to take the place of the old one. It is all well enough, it is even greatly worth while for the man or woman with a big vision, an ideal to work for, and a patience to wait. But it's no wonder-world. Take it all in all, it's rather a disappointing place.

A few women will find brilliant careers in this land of new lines. But the facts all go to show that the many will find it not the land of magic they thought it, for truth will always be a little home away from that country that has been their own since time began, where health, fires burn and kettle sing and little children need steady hands to guide them.

KILLED THE FATTED CALF

Clearfield High champion basketball team not only won the league title and cup, but Saturday evening proved they also won the esteem of their coach R. D. Reed, who voiced his appreciation by tendering a real dinner and party to the team. But some one left the cat out of the bag and it is known that this is the second "go" and that number one was a dinner given by Prof. Geo. E. Zerfoss soon after the season closed. But no matter where it comes in order given, a dinner that will take the best honors from this one is yet to be seen.

The order to "fall to" was well obeyed and found the team participating as fast as usual from each individual. The plate system kind of hampered the start, but the fresh opponents were turned back easily. The official high scorer is not known, it is generally believed "Pete's" endowment won the honors.

The balance of the evening the team engaged in various types of amusement with the evening ending with a hectic session of cards, while thanks and praise were handed the host and hostess "thicker'n heck."

Way Powell, of Clearfield, spent Sunday with his mother.

Warren Kephart has purchased a five-passenger Nash.

Mr. and Mrs. Isaac Robinson, of Philipsburg spent Saturday with relatives here.

Father Lynch is having a new pontoon built to his residence on Walnut street.

MARRIED AT CUMBERLAND

Arnold Siegfried Hoagland of Jamestown, N. Y., and Gladys Marion Longin, of Woodland, were married at Cumberland, Md., on Tuesday, March 25, 1924. They will be at home after April 7 at No. 31 Fairmount avenue, Jamestown, N. Y.

Keep your feet as Nature made them

THE ARCH PRESERVER SHOE

NATURE gave you good feet; Nature intended that you have foot comfort; Nature intended your feet to help you, and not handicap you. Wear the right kind of shoes and you'll probably be surprised to learn that your feet are good, that they can be comfortable, that they really can help you. The Arch Preserver Shoe keeps your feet as Nature made them, because it has a concealed, built-in arch bridge that keeps the foot arch from sagging when the heel is raised from the ground. Furthermore, it also answers every requirement of style. No other shoe can give you such foot happiness. Let us show you.

Price \$8.50

BROWN'S BOOT SHOP

CLEARFIELD-PHILIPSBURG and seven other Brown's Stores.

They All Praise Buick

Ask any garageman, any mechanic, in fact, any person who knows motor cars, what he thinks about Buick. Invariably he will tell you that Buick is a thoroughly good, high grade and dependable automobile and that a person makes a genuinely satisfactory investment when he buys one. Then ask the Buick owners you know what they think about Buick. Do these things and you will quickly understand why Buick has sold over one million motor cars and why you, too, should own a Buick.

E. E. ORCUTT GARAGE

When better automobiles are built, Buick will build them

Use More Milk on Your Cereal

Have the Kiddies Use Plenty---
Use More Yourself

About time to lay off the "wheats and sausage" and you naturally turn to the breakfast cereals which you have not seen much of since last fall. And no matter whether you prefer the old fashioned "porridge" or the most highly recommended breakfast food of the day, plenty of milk served with it brings more health and strength.

The finest cereal in the land by itself is a dry victual to try to eat. But cover it liberally with milk—rich, pure, pasteurized milk—and you have something that will bring a remark very much like Oliver Twist's "I WANT SOME MORE".

Then drink a glass of milk—with your cereal and you'll have enough breakfast to carry you easily thru until lunchtime.

Clearfield County Milk Producers Association and Clearfield Dairy Co.

Our Fishin' Tackle's Peedy

We have the finest array of fishing tackle we have ever shown. And with the opening day just ahead, you'd better get ready.

Guard Your Mouth

Let WRIGLEY'S be the guardian of your mouth and throat.

It will combat trouble of various kinds. It helps to keep the teeth free from food particles that ferment and cause decay.

It has an antiseptic effect. It relieves acid mouth and thus not only prevents harm to the teeth, but serves to sweeten the stomach.

It stimulates digestion and helps to prevent the forming of gas that causes dyspepsia.

Read from a widely known medical work:

"Chewing gum aids tooth nutrition and the cleansing action is a definite benefit—it prevents dyspepsia. Good chewing gum is excellent for bad digestion."

So we say, after every meal

WRIGLEY'S

Mellon's 25 Per Cent Tax Maximum Written Into Tax Bill Again

Washington, April 7, (INS)—According to the wishes of Secretary of the Treasury Mellon, the Senate Finance Committee Saturday restored to the tax reduction bill the 25 per cent maximum tax which had been boosted to 40 per cent by the House. Testifying before the committee, Mellon said the 40 per cent rate would be a "no-brainer."

Your Easter Suit's Waiting For You

Just the suit you'd like to step out in, an where at a price which will be astonishing in its lowness for the quality of the suit you'll get.

Come in here and see the wonderful values we have for you and the snappy cut to the suits.

Pollack, Inc.
308 East Market Street. CLEARFIELD, PA.

SOLDIER BONUS IS EXPECTED TO PASS IN SENATE IN WEEK

Washington, April 7. (INS.)—The soldiers' bonus bill after a sleep of weeks in the Senate finance committee, crept into the limelight again today.

Coincident with announcement by Senator Smoot, Republican of Utah, that the tax reduction bill would be ready to report to the Senate tomorrow or Wednesday, Senate bonus advocates began a renewed drive to have their bill given the right of way over the tax measure.

Assured of passage with a vote proportionate to that by the House, it seemed certain today the bonus would be disposed of by the Senate before the tax bill. Even such administration leaders as Smoot and Senator Watson, Republican of Indiana, indicated they would have to allow the bonus preference because of the strength behind the drive.

Smoot predicted the measure would be ready for the Senate by the latter part of this week or the first of next.

The chief fight on the bonus, now it is in the Senate, will be waged by Democrats to insert a cash provision, which except in amounts of less than \$10 was eliminated by the House.

It is now only a matter of time before the bill will be passed. The bill, as it stands, is a cash value. Democrats would have it amended, providing for cash payments in addition to the insurance features.

Many of the administration chiefs are up and up a cash bonus. Senator Smoot, the bonus bill in its present form would cost the Government approximately \$1,500,000,000 and by high and means to merge a total of \$100 million from the Senate the bonus debate is not expected to be extended.

Efforts will be made on all sides to speed it to the White House, where it will be signed into law. The bill, as it stands, is a cash value. Democrats would have it amended, providing for cash payments in addition to the insurance features.

Working in secret session, Democrats virtually wound up the drafting of their counter-tax bill, which will materially boost the surtax rates.

Only a finishing touch remained. Many administrative features adopted by the committee. Senator Smoot, Democrat, of North Carolina, will introduce it simultaneously with the administration bill.

Meet the Whole Stone Family

First pictures of the family of Harlan F. Stone, appointed attorney general in the place of Harry Daugherty. Above is Mrs. Agnes Stone, his wife, and below the two sons, Lawson, at right and Marshall, left. Marshall finds mathematics, rather than law, his forte, while Lawson intends to follow in his father's footsteps.

Henschel Johnson and his friend Harold Busching, of Lakemont, Ohio, were here from State College to spend Sunday with local relatives of Mr. Johnson.

Mrs. A. P. Ried, of Hyde, is a surgical patient at the Clearfield hospital.

LAWRENCE VOTERS SHOULD VOTE FOR NEEDED SCHOOLS AT PLYMPTONVILLE

Lawrence township voters will be called upon at the primary election on Tuesday, April 22d, to vote for or against the proposition to bond the school district of the township to the extent of \$20,000 for the purpose of erecting a 4-room school building at Plymptonville and a 1-room school building at Kerr Addition.

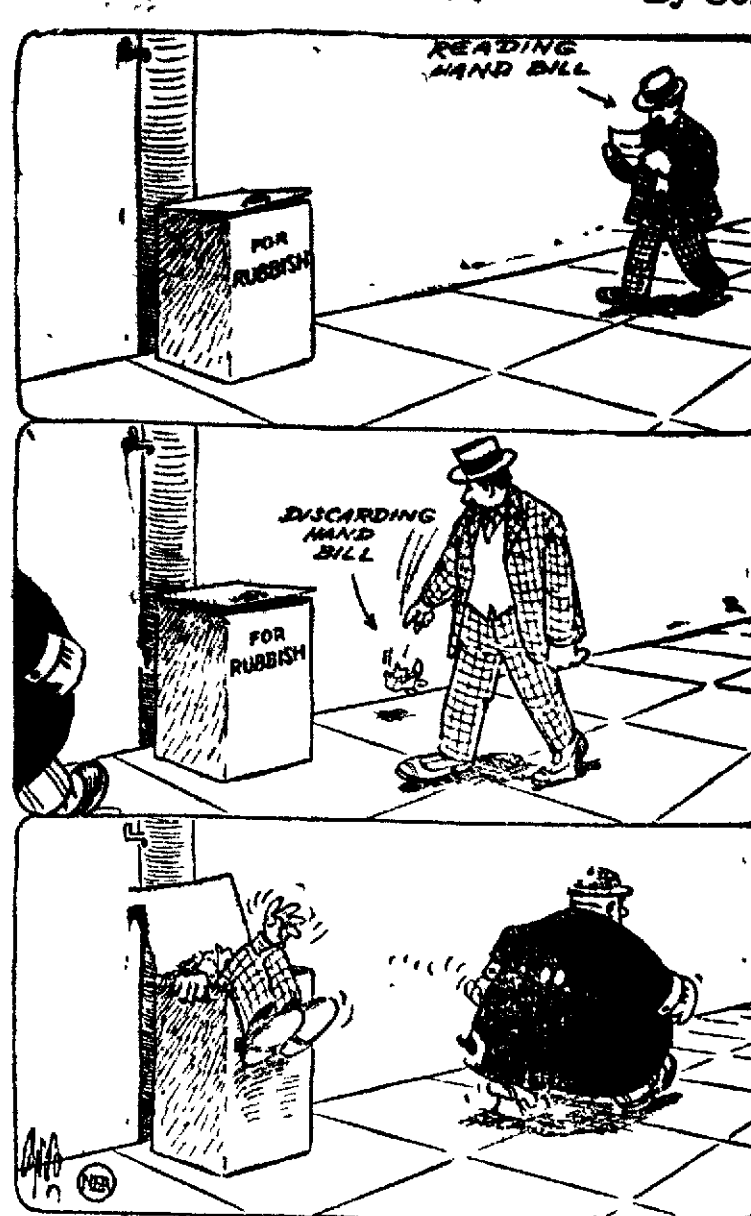

The necessity for additional school facilities is shown in the following statement from Hon. Peter Gearhart, president of the School Board of the township. In discussing the proposition Mr. Gearhart says: "That at Plymptonville there are about 160 pupils for the two small rooms of the present building, and the building is far from being either sanitary. In fact on account of the large number of pupils they have only been able to give each child a half day session during the present term. At Kerr there are approximately 80 pupils, for a room built to accommodate 40 pupils. These children have been on half day sessions for the past three school terms and it is manifestly unfair to these children that such is the case."

The School Board seeks to remedy matters by the supplying of the needed new buildings and hope the voters will see their way clear to pass the bond issue. Every child in Lawrence township is entitled to receive an education and it can't be given him by half day sessions at school."

Mrs. Ira G. Lambert of Johnstown, good lady at her home Saturday last for the purpose of surprising her brother of Mrs. Ardery, of Indiana, her 35th birthday. An enjoyable evening was spent and Mrs. Ardery received numerous gifts. Delicious refreshment were enjoyed. Isaac Grace was one of the guests.

EVERETT TRUE

By Conde

Thirty-five of the friends of Mrs. Ardery were here from State College to spend Sunday with local relatives of Mr. Johnson.

Windsor College High School National Basketball Champions

Chicago.—The interscholastic basketball team tournament was won by one of the smallest high schools in the United States. The Windsor college high school, whose enrollment totals only 120 students, 62 girls and 58 boys was the team that took the championship by defeating Yankton, S. D., in the finals. Windsor is near Denver, Col.

Mrs. P. J. Flanagan was removed from the Clearfield hospital to her home on Hilldale yesterday.

Guard Against "Flu" With Musterole

Influenza, Croup and Pneumonia usually start with a cold. The moment you get those warning aches, get busy with good old Musterole.

Musterole is a counter-irritant that relieves congestion (which is what a cold really is) and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster without the blister.

Just rub it on with your finger-tips. First you will feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief.

Have Musterole handy for emergency use. It may prevent serious illness.

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole.

35c and 65c, in jars and tubes.

Better than a mustard plaster

Pennsylvania Electric Corporation

Thirty-Year 6½% Sinking Fund Gold Debentures

Dated April 1, 1924. Due April 1, 1954. Redeemable on the first day of any month, on 60 days' notice, at 105 and accrued interest to and including April 1, 1954, and thereafter at par and accrued interest plus a premium of ½ of 1% for each year or portion thereof of unexpired term. Semi-annual interest April 1 and October 1, payable in New York without deduction for any normal Federal Income Tax, not exceeding 2%, which the Corporation or Trustee, may be required or permitted to pay at the source. \$500 and \$1,000 coupon Debentures, with privilege of registration as to principal.

The Corporation agrees to reimburse the holders of these Debentures, if requested within sixty days after payment, for the Pennsylvania Four Mill Tax, District of Columbia Five Mill Tax, and for the Massachusetts Income Tax on the interest not exceeding 6% of such interest per annum.

Mr. F. T. Hepburn, President of the Corporation, summarizes his letter to us as follows:

Company: The Pennsylvania Electric Corporation, organized under the laws of Delaware, controls the comprehensive electric light and power system, generally known as Penn Public System, serving over seventy communities in western Pennsylvania. The territory served comprises over one-sixth of the total area of Pennsylvania, with an aggregate population of about 700,000, including the cities of Johnstown, Clearfield, Du Bois, Warren, Corry, Meadville, Indiana, Punxsutawney, Philipsburg and Erie.

Properties: The electric properties of the System comprise steam electric generating stations with an aggregate capacity of 146,000 h.p. including the Seward Station located at the shaft of one of the five coal mines controlled by the System, and the Erie station. These stations are thoroughly modern and economical in every respect, and contribute largely to the dependable service rendered by the System.

The hydro-electric properties include the Piney development on the Clarion River, to be completed in June 1924, with an installed capacity of 24,000 h.p., and Deep Creek development on the Youghiogheny River in the adjacent portion of Maryland, to be completed in 1925 with an initial capacity of 24,000 h.p. Undeveloped water power sites on these rivers are controlled which make possible the economical development of over 800,000,000 k.w.h. per annum of fully regulated electric energy. These sites are strategically located in respect to the present system and hold the possibility of the wholesaling of power to the companies serving the great power markets of Pittsburgh and adjacent districts.

The transmission system comprises 972 miles of high tension transmission lines, a distributing system including 22 main sub-stations and 5,000 miles of distributing lines, serving over 71,000 customers. Other properties of the System include gas distributing systems in Johnstown and Clearfield, four short street and interurban railways, and miscellaneous steam heating and water supply properties. Over 80% of the gross earnings of the System are derived from the sale of electricity.

Earnings: Consolidated Statement for twelve months ended December 31, 1923:

Gross Earnings	\$8,703,147
Operating Expenses, including Prior Charges of Subsidiary Companies	6,847,883
Net Earnings	\$1,855,264
Annual Interest Requirements on these Debentures	325,000
Balance for Dividends, Depreciation, etc.	\$1,530,264

Above net earnings more than 5.7 times annual interest requirements, and more than 4.7 times annual interest and sinking fund requirements on these Debentures. These earnings reflect, only partially, the benefit from the substantial savings in operating expenses which have been effected through the consolidation of these properties, and reflect no benefit from the hydro-electric plants now under construction.

These Debentures, which constitute the Corporation's only funded debt, are a direct obligation of this Corporation and will be secured by the common stocks representing control of the companies comprising the Penn Public System, and, in addition, by \$4,040,000 notes of constituent companies or their equivalent.

The proceeds of this issue will be used to acquire \$2,500,000 Convertible Notes of the Youghiogheny Hydro-Electric Corporation and \$1,540,000 Notes of the Venango Public Service Corporation, and for other corporate purposes, including working capital. Additional Debentures may be issued only under conservative provisions as set forth in the Trust Indenture.

Sinking Fund: The Trust Indenture provides for the payment, semi-annually, of \$192,000 to be applied first to the payment of interest on these Debentures outstanding, and the balance remaining to be used for the retirement of these Debentures by purchase or by call. It is estimated that through the operation of this sinking fund the entire issue will be retired before maturity.

The operations of the Corporation are under the supervision of H. D. Walbridge & Co. of New York.

WE RECOMMEND THESE DEBENTURES FOR INVESTMENT
Price 93¾ and accrued interest, to yield 7%

All legal details in connection with this issue will be passed upon by Messrs. Campbell, Harding & Pratt, of New York, for the Bankers and Messrs. Roberts & Montgomery, Philadelphia, for the Corporation. We offer these Debentures for delivery when, as, and if issued and received by us, subject to approval of our counsel. Temporary Debentures of the Corporation will be ready for delivery on or about April 16, 1924.

An Exceptional Value!

It requires no technical knowledge of automobiles to appreciate the outstanding value of the Ford Touring Car.

Not only is it the lowest priced five-passenger car on the market, but it is also a car that costs little to operate, little to keep in condition and has an unusually high resale value after years of service.

All Ford Cars are sold on convenient deferred terms, or may be purchased under the Ford Weekly Purchase Plan.
